

These are my settings with the HEIL PR-781 combined with the W2IHY-EQ-Plus and W2IHY-8-Band-EQ.

PROC in the FT-2000D is OFF.

Menu	Setting
83	3000
123	100
124	10
125	3
126	1500
127	9
128	2
129	3200
130	9
131	2

This will give you a balanced and warm modulation with good response for any spoken frequency.
